Los métodos oficiales para conseguir diamantes gratis en Free Fire incluyen completar misiones del juego y participar en eventos. Algunas veces, el juego ofrece una pequeña cantidad de diamantes gratis al terminar estas tareas, por lo que es importante revisar el juego con frecuencia o seguir la cuenta de Twitter de Garena Free Fire para no perderse ninguna actualización. Además, se pueden obtener diamantes gratis canjeando códigos de regalo promocionales en el sitio web oficial de Garena. Estos códigos tienen 12 caracteres y pueden ser utilizados por varios premios. Es recomendable revisar los posts disponibles para ver qué códigos están actualmente disponibles. Otra forma de obtener diamantes es enviar regalos a otros jugadores mientras esperan el juego en ciertos días especiales del año. Sin embargo, esta opción puede no funcionar ya que la gente podría no querer darte sus diamantes. La forma más realista y sencilla de obtener diamantes para tu cuenta de Free Fire es pagar dinero real para comprarlos. El juego ofrece varias opciones para comprar diamantes en diferentes plataformas como Pagostore, Google Play, y Apple Store. Algunos precios incluyen: * 100 diamantes: 1 dólar * 310 diamantes: 3 dólares * 520 diamantes: 5,10 dólares * 1060 diamantes: 9 dólares * 2180 diamantes: 17 dólares * 5600 diamantes: 44 dólares También se puede obtener diamantes con el Pase de Nivel, que cuesta 4,59 euros para la primera compra y te permite obtener x4,01 diamantes por cada diamante adquirido. As you level up your pass, you'll receive more diamonds, which will give you a total of 1600 diamonds. Level 2 pass: 400 diamonds to claim. Level 4 pass: 100 diamonds to reclaim. Level 6 pass: 200 diamonds to collect. Level 8 pass: 100 diamonds to collect. Level 10 pass: 100 diamonds to reclaim. Level 13 pass: 100 diamonds to collect. Level 16 pass: 100 diamonds to collect. Level 20 pass: 100 diamonds to collect. Level 25 pass: 100 diamonds to reclaim. Level 30 pass: 400 diamonds to collect. Another effective way to buy diamonds is by purchasing weekly or monthly subscriptions. These are ways to generate and collect diamonds daily, allowing you to buy exponentially more diamonds for less money. Weekly VIP pass valid for 7 days: $2.29. Monthly VIP pass valid for 30 days: $8.99. Depending on what interests you the most and how much time you're willing to dedicate to the game, any of these options will work out. We'd like to highlight an important point. There is no "easy" or "official" way to get diamonds in "Free Fire" that isn't described above, no matter how much they may try to convince you otherwise. Free Fire keeps things fresh with regular updates and new content. While they do offer some perks to their loyal players and fans, getting exclusive items isn't a walk in the park. It's pretty obvious that if you want to buy cool items in Free Fire, you'll need Diamonds, which can be purchased with real money. Today, we're going to talk about some easy ways to get these Diamonds without spending a single cent on the game. How to get free Diamonds in Garena Free Fire? 1. Google Opinion Rewards One of the easiest ways to get some Diamonds for free is by taking surveys on the Google Opinion Rewards app. These surveys usually take no more than 2-5 minutes each. After you complete a survey, your Google account gets credited with a small amount of cash. You can keep collecting until you have enough and then use that money to recharge in the game on the Google Play Store. The only problem is that this method isn't instant. It takes time to receive surveys - usually one per week, but sometimes you might get two or more in a week if you're lucky. 2. Earning points on apps and redeeming Various apps (like Poll Pay and Easy Rewards) on the Google Play Store reward points after you complete assigned tasks. These tasks are relatively easy and don't consume much of your time. After collecting enough points, you can trade them for Google Play Vouchers. Then, you can use those vouchers to buy Diamonds in Free Fire. Just note that BlueStacks doesn't verify these apps, so please read the policies of these apps before providing any personal data. 3. Giveaways Last but not least are 'Giveaways'. All known content creators in the Free Fire community offer prizes, giveaways, and contests almost weekly. You can participate and try your luck. Sometimes they distribute many Diamonds or exclusive skins for weapons or emotes. Try out all these methods to get some free Diamonds to buy the items you want in the game. With each update, more collectible/exclusive items are added to the game, so don't miss out - start your 'Diamond Hunt' today!
